Title: 7 CFR Part 1944-N Housing Preservation Grants.

OMB Control Number: 0575-0115.

Expiration Date of Approval: November 30, 2022.

Type of Request: Revision of a currently approved collection.

Abstract: The primary purpose of the HPG Program is to repair or rehabilitate individual housing, rental properties, or co-ops owned or occupied by very low- and low-income rural persons. Grantees will provide eligible homeowners, owners of rental properties and owners of co-ops with financial assistance through loans, grants, interest reduction payments or other comparable financial assistance for necessary repairs and rehabilitation of dwellings to bring them up to code or minimum property standards. Where repair and rehabilitation assistance are

not economically feasible or practical the replacement of existing, individual owner-occupied housing is available.

The Rural Housing Amendments of 1983 amended the Housing Act of 1949 by adding Section 533 (12 U.S.C. 1490m). The program is implemented at 7 CFR part 1944, subpart N. In addition, the Secretary of Agriculture has authority to prescribe rules and regulations to implement the HPG and other programs under 42 U.S.C. S 1480G. Section 533(d) is prescriptive about the information applicants are to submit to RHS as part of their application and in the assessments and criteria RHS is to use in selecting grantees. An applicant is to submit a "statement of activity" describing its proposed program, including the specific activities it will undertake, and its schedule. RHS is required in turn to evaluate proposals on a set of prescribed criteria, for which the applicant will also have to provide information, such as: (1) very low- and low-income persons proposed to be served by the repair and rehabilitation activities; (2) participation by other public and private organizations to leverage funds and lower the cost to the HPG program; (3) the areas to be served in terms of population and need; (4) cost data to assure greatest degree of assistance at lowest cost; (5) administrative capacity of the applicant to carry out the program. The information collected will be the minimum required by law and by necessity for RHS to assure that it funds responsible grantees proposing feasible projects in areas of greatest need. Most data are taken from a localized area, although some are derived from census reports of city, county and Federal governments showing population and housing characteristics.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .85 hours per response.

Estimated Total Annual Burden on Respondents: 11,045 hours.

Estimated Number of Respondents: 2,083.
